

# Laminate

SELECTIONS

# Wilsonart® High Pressure Laminate.

Wilsonart® HPL offers next-level beauty, function, and performance. Providing exceptional durability, our HPL collections offer a broad range of stylish finishes and realistic textures that are highly cleanable and require minimal maintenance.

## The HPL difference.

### BEYOND NATURE

Wilsonart® HPL outperforms traditional natural surfaces in cleanability, stain resistance, scratch resistance, scuff resistance, and impact, making it the ideal surface for durability and aesthetic. Wilsonart® HPL is sustainable, requires minimal care, and is easy to wipe clean and disinfect.

### DESIGN

Inspired by nature, Wilsonart® HPL presents unique and versatile designs that can transform a home with style and beauty. Wilsonart® HPL is available in a wide variety of designs, colors, and finishes, offering homeowners the creative flexibility to craft a personal, lasting style.

### CONSISTENCY

Engineered surfaces offer precision and consistency, regardless of a project's design or complexity. You'll know precisely the surface you're receiving, time and again. Wilsonart® HPL provides an extensive range of options that work in concert, creating a look that is predictably beautiful and consistent with your home's aesthetic.

### SIMPLICITY

Creating your dream home with Wilsonart is simple. Our surfaces are easy to order. Effortless to install. And, since Wilsonart® HPL has short lead times and low-to-no minimums, delivery is always on time and on budget. We strive to keep your project moving in one direction: forward.

### PERFORMANCE

Wilsonart® Engineered Surfaces are durably crafted for the unpredictability of everyday life. Plus, Wilsonart® HD® and Premium HPL feature AEON™ Enhanced Scratch & Scuff-Resistant Performance Technology, outperforming competitive HPL by a factor of up to 3-5x the industry standard for increased wear resistance and improved scratch, scuff, and mar performance. We take pride in building surfaces that look newer and maintain performance, long after installation.

### STAIN AND SCRATCH

Live and move in your space without worry. In addition to their high price points, traditional natural surfaces are porous and soft. Wilsonart® HPL eliminates these common threats with built in stain and scratch resistance that provides peace of mind and lasting beauty. And when life's usual mishaps do occur, Wilsonart® HPL is simple to clean and disinfect. It's consistently durable, easy to maintain, and always prepared for the unpredictable.

VANITY TOP | DEEPSTAR SLATE 1818K-35  
SHIPLAP WALL | FROSTY WHITE 1573-60

# Your dream space. Brought to life.

Wilsonart® HPL creates spaces that radiate best-in-class design, performance, and simplicity. With the help of Wilsonart® Home, your spaces will be elevated to new levels of beautiful. Practical. Extraordinary. It's a transformation that will inspire spaces fit for your dreams, right in the comfort of your own home.

VANITY TOP | WHITE CARRARA 4924-38  
SHIPLAP WALL | FROSTY WHITE 1573-60

## BENEFITS OF HPL

### LIMITLESS DESIGN POSSIBILITIES

A wide range of looks for every style.

### STAIN AND SCRATCH RESISTANT

Durable for long-lasting beauty.

### ECO-FRIENDLY

Crafted from post-consumer recycled materials. UL GREENGUARD Gold certified for indoor air quality. Manufactured in the U.S.A. FSC® solutions available upon request.

### EASY TO MAINTAIN

Engineered for everyday living. Can stand up to most household and commercial cleaners and disinfectants.

### VALUE

Incredible looks and performance at an affordable price.

COUNTERTOP, CRESCENT EDGE | SPRING CARNIVAL 1876K-35

# Elegantly durable. Prepared for anything.

“This is not your grandmother’s countertop”. Today’s HPL competes with some of the most sought after surfaces. Wilsonart® HPL combines beauty and performance to create a surface that withstands everyday cooking, spilling, eating, working, and playing. Wilsonart® HPL offers this durability in a wide variety of tones and textures, all of which can match your home’s aesthetic and transform kitchen countertops, island countertops, open shelving, vanity tops, and much more.

# HPL SURFACE TEXTURES

 	<p><b>#01 HIGH GLOSS - PREMIUM</b> A mirror sheen finish, which gives a smooth, brilliant appearance. Recommended for horizontal applications such as countertops and light-to medium commercial applications. Excellent for vertical applications.</p>	 	<p><b>#05 TIMBERGRAIN - PREMIUM</b> A low-sheen wood finish with a dimensional, realistic ticking and natural variation across the surface texture, much like a natural veneer. Recommended for horizontal and vertical applications.</p>
 	<p><b>#07 TEXTURED GLOSS - PREMIUM</b> A fine textured surface with a sheen level indicative of a waxed wood, polished stone, or other moderately reflective materials. Recommended for horizontal and vertical applications.</p>	 	<p><b>#12 SOFTGRAIN - PREMIUM</b> A dense, woodgrain structure that is low gloss and soft to the touch. Subtle highlights of reflectivity randomly occur within the embossed grains, creating a sophisticated raw wood look. Recommended for horizontal and vertical applications.</p>
 	<p><b>#16 CASUAL RUSTIC - PREMIUM</b> A woodgrain texture with a blend of grain variations ranging from linear to subtle movement with random, irregular features. The overall low gloss surface is accented with higher sheen woodgrain ticking and random highlights. Recommended for horizontal and vertical applications.</p>	 	<p><b>#18 LINEARITY - PREMIUM</b> A directional texture running the length of the sheet, having a narrow, random, matte-gloss linear quality. It is complementary to linear woodgrains, and linear patterns and provides dimension and visual movement to solid colors. Recommended for horizontal and vertical applications.</p>
 	<p><b>#19 LENO WEAVE* - PREMIUM</b> Random intersecting horizontal and vertical lines create a geometric weave with a matte-gloss mix. Recommended for horizontal and vertical applications.</p>	 	<p><b>#22 ANTIQUE - PREMIUM</b> A mixture of varying low gloss features combined with organic movement, indicative of the surface of an aged stone or an antique metal. Recommended for horizontal and vertical applications.</p>
 	<p><b>#28 GLOSS LINE - PREMIUM</b> A mixture of varying low gloss features combined with organic movement, indicative of the surface of an aged stone or an antique metal. Recommended for horizontal and vertical applications.</p>	 	<p><b>#35 MIRAGE - HD PREMIUM</b> Subtle variations in matte and gloss finish connect to nature's own finishes: rough and weathered, smooth and polished. Recommended for horizontal and vertical applications.</p>
	<p><b>#38 FINE VELVET TEXTURE</b> A smooth-textured finish with moderate reflective value. Recommended for horizontal and vertical applications.</p>	 	<p><b>#52 QUARRY - PREMIUM</b> Premium finish emulating the "pitted" look of polished natural stone. Recommended for horizontal and vertical applications.</p>
 	<p><b>#55 GLAZE - HD PREMIUM</b> A layering of matte features over a glaze of semi-gloss, creates this timeworn effect. Recommended for horizontal and vertical applications.</p>	 	<p><b>#57 ALIGNED OAK* - HD PREMIUM</b> Authentic realism is brought to the surface using synchronized texture as each elegantly aged oak design exhibits the natural dimension and feel of real wood. Recommended for horizontal and vertical applications.</p>
 	<p><b>#60 MATTE</b> Textured finish with a moderate reflective quality. Recommended for horizontal and vertical applications.</p>	 	<p><b>#78 FINEGRAIN - PREMIUM</b> This premium finish features the polish and luxe of a real wood veneer, with a subtle, narrow grain structure that runs the length of the sheet. Recommended for horizontal and vertical applications.</p>
 	<p><b>#79 RIDGEWOOD - PREMIUM</b> An overall matte finish with ridged dimensional features creating a linear woodgrain effect. Recommended for horizontal and vertical applications.</p>		

\*Not available in Textured Solids

 Finish features AEON™ Enhanced Performance Technology, providing 3x industry standard wear resistance, improved scratch, scuff and mar performance, versus comparable competitive finishes.

Antimicrobial protection is built into the HPL to protect the surface against damaging microbes. Antimicrobial agents protect the surface from the growth of mold and mildew that cause odors when used for countertops and work surfaces. Also available on Premium and -38 and -60 finishes upon request.
