Torque Master® Balanced Grinding System

Our tough stainless-steel disposers come with the **Torque Master® Grinding System**. It delivers instant, high-speed power, while also working to balance the speed and force of the motor and cutting components to help prevent jams and cut down on noise.

Our manufacturing process involves a combination of computer designed and balanced components that work in unison to provide superior torque grind speed and long system life.

Permanent Magnet Motor

A **Permanent Magnet Motor** eliminates the need for a jam wrench instantly hitting optimum power levels to cut through potential blocks. Our disposers can quickly grind everything from coffee grinds to produce scraps to bones with minimized noise and vibrations.

Permanent Magnet Motor

- ✓ Full speed within one turn
- ✓ RPMs increase as HP increases
- ✓ As the load increases, speed decreases but torque increases
- ✓ No jam wrench needed

Induction Motor

- × Starting speed different from grinding speed
- × RPMs the same no matter HP
- × As the load increases, both speed and torque decrease
- × Jam wrench needed

Protect

against odors.

Helps protect against odors caused by food residue and buildup with **BIOSHIELD®**. Antimicrobial odor protection beads are permanently molded inside the disposer to eliminate bacteria-caused odors and inhibit the growth of a wide range of microorganisms.

ReadyClean™ Probiotic Dishwasher Cleaner

Frigidaire's **ReadyClean™ Probiotic Sink & Disposer Cleaner** removes odors and greasy buildup from the sink & disposer. The triple action formula contains surfactant, probiotic, and odor eliminating technology, with specially selected friendly bacteria that removes food remnants, grease and grime. Safe for use in all dishwashers & provides cleaning power for 1 month!

ReadyClean™ Probiotic Dishwasher Cleaner 6 Pack
10FFPROD02 \$11.99 MSRP

ReadyClean™ Probiotic Sink and Disposer Cleaner 6 Pack
10FFPROS02 \$11.99 MSRP

Additional **features:**

The **Silver Guard®** magnetic ring captures most metal objects before they enter the disposer chamber.

Available on our ¾ HP and 1 ¼ HP models.

Partial or **Fully Insulated Sound Shell** helps to reduce sound for quiet performance.

Maximized Grind Chamber Capacity without compromising undercabinet space.

A **Stainless Steel Grinding System** with swivel impellers and cutting components deliver a powerful performance.

Installation & Maintenance

- ✓ **3-Bolt Mounting System**
Quickly install your disposer to the existing 3-bolt sink mount flange or use the provided 3-bolt mount flange. Compatible with all 3-bolt mounts.
- ✓ **Slim & Compact Design***
Slender, lightweight design saves space under the sink.
- ✓ **5+ Product Warranty with Corrosion Lifetime Warranty**
Each disposer carries a 5, 6, 10, or 12 Year Warranty and Lifetime Warranty against failure due to corrosions.
- ✓ **Removable Splash Guard**
Designed with a removable splash guard— it's now easy to see inside the grind chamber, remove items and clean the bottom of the splash guard to help prevent odors.
- ✓ **Direct Wire or Corded Option***
Select models offer both a direct wire or corded option for more flexible installations.

FRIGIDAIRE DISPOSER ACCESSORIES

CLEANERS

Frigidaire ReadyClean™ Probiotic Cleaner removes odors and greasy buildup in sinks and waste disposers. The specially selected friendly bacteria removes food remnants, grease and grime. Just tear and pour. Safe for use in all sinks and disposers.

ReadyClean™ Probiotic Sink and Disposer Cleaner
10FFPROS02

ACCESSORIES

Experience safe and convenient operation of your disposer with this easy to install air switch. Uses air pressure activation to power the garbage disposer without the complexity of hardwiring or an outlet.

Frigidaire Waste Disposer Air Switch
15FFAIRS01

Help reduce disposer sounds and prevent water & food from splashing during operation with our stopper accessories

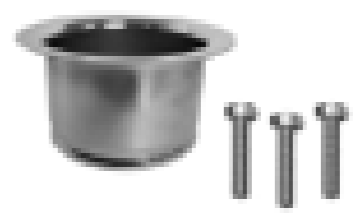

Stainless Steel Stopper – 5304526182
Plastic Stopper with Splash Guard - 5304526181

INSTALLATION

Disposer replacement and installation kit, includes a high-quality and durable stainless-steel flange, plastic splash guard and mounting hardware.

Flange with Mounting Hardware & Splash Guard
5304503339

Extended sink flange for standard stainless steel, fireclay and ceramic sinks.

3-Bolt Extended Part Sink Flange
