# PARMA®

## Enduring Modern Design that Transcends Time

Round out your bathroom décor with the slim, contemporary personality of the Parma bath collection. The cylindrical style provides a fresh, updated aesthetic to combine practical function with beautiful form. The single handle bathroom faucet offers a unique spout curve and slender handle style. Two-handle faucets and the Roman tub filler each have a gracefully arching spout that creates an elegant profile. Select single handle bathroom faucets incorporate a sleek vertical lift rod that controls drain operation. Five-function showerheads feature easy-clean soft touch nozzles, Easy-Glide™ selector ring for effortless, smooth spray function selection, Air Injection™ technology to optimize water intensity, and Pressure Manifold™ technology to ensure full coverage and powerful spray. The tub & shower trim kits come with a cartridge that is fully compatible with the powerful Gerber® Treysta® valve, the latest innovation in valve technology. With curves in all the right places, let the Parma collection bring true beauty to your bathroom.

Tub & shower trim kits are powered by Gerber's Treysta® Rough-In Valve, sold separately, for maximum installation flexibility and endurance.

Tub & shower trim kits may be available at other flow rates, and as less-showerhead models.

Roman tub trim kit requires Roman tub rough-in valve, sold separately.

All valve trim kits require rough-in valves, sold separately
