

Edgewater™ SelectFlo® Kitchen Faucet Collection

An intriguing blend of sleek, geometric styling and impressive functionality, the Edgewater pull-down kitchen faucets feature an intuitive multi-function sprayer that allows the user to efficiently manage common kitchen tasks. By offering four spray patterns, plus a pause feature, these faucets provide a level of functionality nearly unmatched in the market.

SelectFlo Patented Spray Technology

Ordinary food preparation and clean-up are a breeze, thanks to the American Standard exclusive SelectFlo patented spray technology. Users can efficiently manage any kitchen sink task by simply toggling down into spray mode and rotating the dial to select the desired spray pattern. These striking kitchen faucets put even the most demanding home chefs in full control.

The Edgewater pull-down and semi-pro kitchen faucets offer the following useful spray patterns:

4932.300
Edgewater SelectFlo Pull-Down

4932.410
Edgewater Pull-Down Bar

4932.350
Edgewater SelectFlo Semi-Professional
