- Highlighted by its gracefully charming curves, the Viper kitchen collection offers quality construction and dependable performance at an extraordinary value
- Ceramic disc cartridges provide both smooth operation and drip-free performance
- Choose from single or two handle faucets with high-arc or standard spout designs in either Chrome or Stainless Steel finishes
- Pull-down models feature SnapBack® Retraction with Grip Lock® weight to draw sprayhead smoothly back into place
- Pull-out and pull-down dual-function sprayheads, and side spray deliver powerful water surge for heavy-duty rinsing and cleaning

GERBER®

VIPER™ COLLECTION

Simply Stylish, Superbly Engineered

The Viper™ kitchen faucet collection combines dependable function with sleek appeal that complements any kitchen design. With drip-free ceramic disc cartridges and durable construction, Viper kitchen faucets deliver worry-free performance at an extraordinary value. Available in either Chrome or Stainless Steel finishes, choose from standard or high-arc spout configurations in single or two handle styles with either side spray, or pull-down or pull-out dual-function sprayhead options. Also a great option for bar and utility sinks, Viper kitchen faucets are made to install quickly and securely for long-lasting, reliable operation.
