UNPARALLELED QUALITY

Offers outstanding craftsmanship
and dependability

TRADITIONAL WITH A MODERN TWIST

For classic styling infused with contemporary touches, set your sights on the Northerly™ bath collection. Retro details include flowing, crescent spouts that finish with subtly flared bases and outlets, and delicate ring flourishes. The flat handle style adds an industrial element to tie the modern traditional motif together. Fusing architectural polish with vintage charm, the Northerly collection brings eye-catching design to any home. Plus, you also get the outstanding performance and quality craftsmanship that will make your Gerber® faucet last.

COLLECTION FEATURES

- Sink faucets offer laminar flow aeration for a clear, low-splash, more hygienic stream
- WaterSense® certified sink faucets offer a conservative 1.2 gpm
- Sink faucets include Touch-Down drains and all hardware needed for complete installation
- Shower Trim Kits include the Treysta® ceramic disc pressure balance cartridge that is powered by Gerber's innovative Treysta rough-in valve (sold separately) for worry-free dependability

YOU TRUST OUR TOILETS. GIVE GERBER® FAUCETS A TRY.

For more than 90 years, Gerber has built an enduring legacy of excellence by crafting faucets and toilets that combine extraordinary design with expert engineering. Created with value in mind, our products offer ease of installation and lasting functionality plumbers have come to expect and outstanding quality and beautiful style homeowners have come to love.
