The all-in-one soundbar for all

SONOS

SONOS

**Upgrade your TV, music, and gaming experiences with this impressively compact and easy-to-use soundbar. Experience precisely balanced sound, including crisp dialogue and solid bass, plus streamlined control with your TV remote, the Sonos app, Apple AirPlay 2, and more.**

### Jam-packed with power

Experience rich, precisely balanced sound powered by two high-performing tweeters, a pair of meticulously engineered woofers, and proprietary anti-distortion technology.

### Crisp dialogue

Never miss a word thanks to fine-tuning by leading Hollywood sound engineers and Trueplay software that adapts the sound for the unique acoustics of your space. For even greater clarity, turn on the Speech Enhancement setting in the Sonos app.

Trueplay requires a supported iOS device.

### Forward-thinking design for the perfect fit

Neatly tuck the soundbar into your media stand or mount it to the wall. All the acoustic components face forward to minimize interference from nearby surfaces.

### Zero-stress setup

Connect Ray to virtually any TV with optical output, and use your existing remote to control the sound.

### Dynamic Sound that enhances the drama

Feel like you're at the center of the story or song with advanced processing that creates a surprisingly wide soundstage and accurately positions elements in the room.

## Tech Specs

Four Class-D digital amplifiers.

Two full-range woofers ensure you'll hear the faithful playback of mid-range vocal frequencies plus deep, rich bass.

Two tweeters create crisp high frequencies and clear dialogue.
